

Editorial Introduction

In June of 2016, the "**Independent Journal of Management & Production**" is launching a Special Edition in partnership with the Organizing Committee of the **1st Logistics Congress - I IFLOG** (acronym in Portuguese), conducted by the Federal Institute of Education, Science and Technology of São Paulo, Suzano and Jacarei Campuses, last October 2015.

In this Special Edition, the partnership between **IJM&P** and **IFLOG**, aims to promote the most relevant papers presented during the **I IFLOG**, showing the results of researches carried out and presented during the event.

We hope that our effort in publishing this Special Edition will be useful to all our subscribers as well as to the International Scientific Community; and also the partnership between **IJM&P** and **IFLOG** continues to provide positive results for The Brazilian research and its researchers in several areas.

We currently are working in the organization of the **2nd Logistics Congress – II IFLOG**, to be held on October 20, 2016 and will soon be releasing more information about it the next edition of **II IFLOG**.

In the **1st IFLOG** they underwent approximately 63 works, of which only 47 works were approved and presented, the institutions that most had submitted works were **FATEC, IFSP, UNIP, UNINOVE, FMU**, having a total of 400 participants in the event.
